

## **Our Story: Inspired by a Life of Service**

This foundation was created in loving memory of a remarkable woman—my mother, a devoted primary school teacher whose life was a quiet testament to compassion, dignity, and care.

She believed in the power of education to uplift, and in the importance of kindness to connect. In her classroom, every child mattered. She taught with patience, listened with empathy, and gave generously of herself to ensure no one felt left behind. But her care extended far beyond the school walls. She was a steady presence in her family, friends and community—showing up with kindness, giving selflessly, and easing burdens without seeking recognition or a reward.

Her values were simple but profound: *respect every person, nurture every soul, and serve with humility*. These are the principles that guide our foundation today.

Inspired by her life of service, this foundation seeks to carry forward her legacy by focusing on the wellbeing of children and the elderly, while remaining open to broader acts of community support. Our mission extends to all who benefit from compassion and community.

Through educational initiatives, wellness programs, and community outreach, we aim to create spaces of safety, growth, and belonging.

This is more than a tribute. It is a continuation of her life's work.

What we have started comes from a place of love and purpose, and we hope it resonates with others who feel called to make a difference too.

We believe that by sharing our journey, others will feel empowered to create change in their own way—building a collective legacy of care and connection.

### **1 Corinthians 13:13**

"And now these three remain: faith, hope and love. But the greatest of these is love."
